INTRODUCING THE **TORSION**™ COLLECTION

TORSION™

AWARD WINNING. ENDURING LUXURY.

INTRODUCING THE AWARD WINNING TORSION™ SHOWERING COLLECTION

The European designed Kohler Torsion™ showers offer a selection of door sets including InSwing™, hinged, sliding and round sliding. The Torsion™ InSwing™ door is a combination of a sliding and pivot mechanism, providing a stunning 'door outswing' space saving solution. All have exquisite 'twist' handles inside and out. Kohler Torsion™ showers have interior glass treated with Kohler CleanCoat™ to ensure your beautiful shower stays that way.

ERGONOMIC, ECONOMIC AND AESTHETIC

Nothing can be truly beautiful if clumsy for its purpose. Nothing can be truly practical if its appearance disappoints. Every part of the Torsion™ Shower Collection is designed to be both practical and beautiful.

Developed, tested and hand-crafted to last a lifetime, their looks and performance won't fade, returning on your investment for years.
