

Bath spout - Wall mount: 14426A

BEFORE YOU BEGIN

All information is based on the latest product information available at the time of publication. Kohler Co. reserves the right to make changes in product characteristics, packaging, or availability at any time without notice.

Please leave these instructions for the consumer. They contain important information.

NOTES:

1. The installer must provide a G1/2" male supply fitting, protruding 35-50mm out from the face of the finished wall.
2. Flush the water supply pipes thoroughly to remove any debris.
3. Inspect the supply pipes for damage. Replace as necessary.
4. Observe local plumbing codes.
5. Check for leaks before covering the pipes, repair as needed.
6. All installations should comply with the relevant requirements of AS/NZS 3500.

ROUGH-IN DIMENSIONS

INSTALLATION - Spout

NOTE: The installer must provide a G1/2" male supply fitting(1), that protrudes out 35-50mm from the finished wall .

- 1.) Apply thread sealant to the thread of the G1/2" male fitting.
- 2.) Stick the sticker washer(2) onto the wall side of the escutcheon(3).
- 3.) Slide the escutcheon onto the spout(4) and thread the spout onto the male fitting. Tighten using a strap wrench and adjust the spout so that it faces downwards.
- 4.) Slide the escutcheon up to the finished wall and make sure the sticker washer adheres to the wall.

INSTALLATION CHECKOUT

- 1.) Ensure that all connections are tightened.
- 2.) Remove the aerator kit(5) and run hot and cold water through the spout for about one minute to remove any debris. Check for leaks at this time.
- 3.) Turn off the water supply and remove any debris from the aerator kit.
- 4.) Reinstall the aerator kit.

CLEANING INSTRUCTIONS

All Finishes: Clean the finish with mild soap and warm water. Wipe entire surface completely dry with a clean soft cloth. Many cleaners may contain such chemicals as ammonia, chlorine, toilet chemicals etc. which could adversely affect the finish and are not recommended for cleaning.

Do not use abrasive cleaners or solvents on Kohler fittings.
